

# SOUTH EUROPE INVASION GATES BATTERED

## Meandering Along the Main Stem By WASH FAYETTE

I've heard a lot on the radio lately and also in the magazines about the railroads and the shortages of cars. I never thought much about it until one day last week when I saw two oddities on the railroads in Washington C. H.

I was sitting in an auto waiting for a long freight to pass when I noticed that the holes in the sides of the car... which formerly had been covered by sliding doors... had been boarded up with large pieces of wood. After racking my brain trying to figure out how any one could close up the doors from the inside with huge boards, I then discovered that the car had no top... This should be fair warning to a lot of Washington C. H. people... when the railroad companies have to take old box cars and convert them in order to carry coal from the coal mines, it is time to get in your coal order for next winter. This car was evidence that all of the regular coal cars are in use and other means of rail transportation are being used while it is still possible to get the coal through.

Another strange thing I noticed was a shortage of the cabooses... those things I always wished I would like to ride in and never have... I imagine with the many extra trains on the railroads, there were not enough of them to give all of the trains comfortable living quarters for the trainmen, so again old box cars had been fixed up as a makeshift.

Small bay windows had been placed where the doors formerly were and a small covered platform built on the back of it... some windows had also been cut in the sides. These cabooses are probably just as comfortable or maybe more so than the other, but they look queer.

Yes... this war is bringing around a lot of changes which were never thought of before.

Miss Lucy Jones, of Good Hope, recently handed me a program of the first annual commencement of the Good Hope High School, bearing date of May 19, 1893, or a little matter of half a century ago. It is noted that an admission of 25 cents was charged for adults and 15 cents for children. There were two graduates in the first class, Miss Ottie Harper and Miss Cleo Bainter. The class motto was "Not Finished, But Begun".

Music was furnished by the Apollo Quartet of Columbus, and Rev. George Cherrington offered prayer, presented the diplomas and pronounced the benediction. S. H. Ewing gave the class address.

In those days, and for a great many years afterward, it was necessary for each graduate to give an oration.

Miss Harper's oration was on "Scaling the Cliffs" and Miss Bainter's oration was "Civilization's Suspicions".

Mrs. Addie Ewing read "Ode to Mt. Blanc", Mary McElwain read "Two Soldiers" and E. H. Cherrington read "Charge of the Light Brigade".

I am deeply grateful to Mrs. Jones for the program.

## OHIO PAY BOOSTS CREATE PROBLEM

Money Appropriated But Must Be Spread Out

COLUMBUS, June 18.—(AP)—The heads of Ohio's Departments of State are tussling with an admittedly knotty problem.

They must determine which of the departmental employees to recommend for a \$180-a-year salary raise available under the general appropriations measure to workers who are paid \$2,000 or more annually.

The appropriations bill carries mandatory 10 percent wage hikes for state employees receiving up to \$1,800 annually and increases for those in the \$1,800 to \$2,000 bracket which would bring their salary to \$2,000.

At the discretion of departmental chiefs, employees now paid \$2,000 or more may get the \$180 annual boost with the approval, however, of the State Board of Control.

## Japs Lose 40,000

### NEW RATIONING IS IN PROSPECT BUT STILL VAGUE

Lawmakers, However, Warn Against Too Much Drain On Domestic Economy

### MIDWEST GAS IN DANGER

Food Subsidy, Economy and Federal Personnel Cuts In For Discussion

WASHINGTON, June 18.—(AP)—Hints (very vague) of new rationing, disclosure of forthcoming tighter gasoline restrictions in the midwest, and a warning by a senate leader against too much drain on the domestic economy illustrated today growing attention in the capital to the problems of civilians.

The office of price administration (OPA) asked for funds against the contingency of six more rationing programs. OPA insisted it simply was guarding against any eventuality and that no immediate steps were in prospect. But that one fact alone—the financial request—started speculation whether milk, a few other foods or beverages, clothing, coal or electricity were possibilities.

Less gasoline for midwest motorists after the big oil pipeline from Texas is completed August 1 was forecast by an informed, but unquotable source.

The line now delivers petroleum to Norris City, Ill., half of which can't be hauled eastward for lack of rail facilities, and now goes to midwest refineries. That portion will be pumped straight through to the Atlantic seaboard when the eastern log is completed. However, this source said, that will not mean any extra gasoline for the east coast motorists. Huge and increasing military demands will soak up the extra supply, it was said.

From Chairman George (D-Ga) of the senate finance committee came a warning that "we can lose the war through extravagance and waste" and "unnecessary" spending by the army and navy should be eliminated. He said also government personnel should be reduced.

The nation's food problems drew attention again in the senate, embroiled in a battle over the OPA's plan to subsidize producers so consumer prices could be cut. New legislation restricting the subsidy idea somewhat, and approved by farm organizations, was injected into the battle by the bloc opposing the administration's program.

## Offense In China Is Costly

Meanwhile, Nips Are Given AND GET SET-BACK IN AIR War Over Solomons

### CHUNKING, June 18.—(AP)—

Chinese troops, credited with killing or wounding 40,000 Japanese in pushing the invaders back from the Hunan rice bowl, were reported today to have completed the encirclement of Owchikow, 90 miles southeast of the Japanese base at Ichang.

Owchikow is one of the last important Japanese-held strongholds west of Yochow and south of the Yangtze.

American planes, which bombed the city Tuesday in support of ground forces, further paved the way for the success of the ground action, dispatches from the front said.

A Chinese army spokesman announced that the Japanese threw an army of 100,000 into the 40-day battle of the Yangtze valley above and below Ichang and added "less than two thirds of the entire Japanese force managed to escape from the Chinese trap."

The army spokesman said that Chinese troops also were checking an offensive begun by Japanese troops west of the Salween River, in Yunnan province, adjoining the Burma border.

**AN ADVANCED SOUTH PACIFIC BASE, June 18.—(AP)—**Japan paid the startling price of 77 planes for her raid on Guadalcanal in which she threw an air fleet of perhaps 120 aircraft against the island but damaged only two small freight ships.

Only six American fighter planes were lost in the historic engagement, termed by a spokesman at this airforce headquarters as a major air victory, the greatest loss inflicted on the Japanese in any single battle in the Solomons area.

This destruction of 32 Japanese dive-bombers and 45 Zero fighters brings to 1,414 the official total of enemy planes downed in the South Pacific area since July 31, 1942. In this month of June alone,

## Another Delay Likely In Draft Of Fathers

WASHINGTON, June 18.—(AP)—Don't be surprised if the delay in drafting fathers, now presumably put off until October, is extended again, and—without official announcement—perhaps indefinitely.

For that, according to D. C. Speaker, unofficial but well-informed capital news source, is the present prospect for the nation's dads—barring unforeseen and adverse changes in the current war picture.

"There are three reasons behind that prediction," said D. C. the mythical District of Columbia observer who represents authentic but unquotable sources, "and the first one may hurt the dads' feelings. They aren't wanted—if their sons and younger brothers can fight instead.

"Second reason, of course," he continued, "is that the planned quotas now are nearly full, and the new crops of 18-year-olds are expected to supply most replacements, aided by the single and childless married men who have

**ZOOT SUIT DISORDERS PROPAGANDIZED BY JAPS**

NEW YORK, June 18.—(AP)—Japanese propagandists have their own explanation for recent American "zoot suit" incidents.

In a Tokyo broadcast reported today to the office of war information, a Japanese commentator declared:

"The American zoot-suiters are isolationists and anti-war fighters. They are strong, courageous young men who have banded together into a nationwide army to express by physical force their disapproval of the war."

## 7,500,000 - MAN ARMY IS HINTED IN SUPPLY BILL

Biggest Appropriation in History Prepared for Broadside at Axis

### IT'S FOR OFFENSIVE WAR

Air Corp To Get Nearly Half Of \$71,510,438,873 of Slightly Cut Budget

WASHINGTON, June 18.—(AP)—The House appropriations committee fired a financial broadside at the Axis today, sending to the floor a \$71,510,438,873 war Department Supply Bill to equip and maintain an army of 7,500,000 enlisted men and blacken enemy skies with warplanes by the end of the year.

Largest appropriation bill in history, it boosted to almost \$200,000,000,000 the War Department's funds since July 1, 1940, and to an estimated \$400,000,000,000 the outlay for defense and war purposes since that date. And all the money carried in the bill, army officials said, will be spent or obligated during the 12 months starting July 1.

"The decision budget" was the label given the measure by Lt. Gen. Joseph T. McNarney, deputy chief of staff, during hearings on the bill.

Commenting that the bill carried more than three times the total outlay of the War Department during the entire first World War, the committee said it was "determined that the armed forces shall have every dollar essential for the early attainment of an unconditional surrender by all of the Axis powers."

It shaved only \$387,986,827 from budget estimates, and left untouched the \$23,555,481,000 estimate for the Air Corps.

"The cost is frightful," the committee observed. "Global warfare and modern implementation is the answer. Guns, tanks, airplanes, ammunition, chemicals and war munitions of every kind and description are provided for in accordance with the department's recommendations."

The funds provided—\$59,037,000,000—

## Prices Of Meat To Be Reduced In Ohio 10 Percent Monday

CLEVELAND, June 18.—(AP)—An average of 10 percent reduction in Ohio household meat costs will become effective next Monday under the government's recently-announced intention to roll back prices, the Regional Office of Price Administration said today.

The reduction next week applies

to all meat except cured and processed pork, for which the price rollback becomes effective July 5.

Reductions will amount to less than three cents a pound on some cheaper cuts and more than three cents on expensive cuts, the OPA reported.

In Ohio, the new price at small

retail establishments for grade A round steak with the bone in will be 42 cents a pound, compared with the present price of 45 cents.

As examples of other price changes in grade A meats at similar establishments, the OPA listed the following:

	Old Price	New Price
Rib Roast, 7 inch rib	42	36
Chuck Roast, bone in	33	29
Hamburger	32	28
Pork Chops, center cut (loins under 12 pounds)	42	37
Lamb Loin Chops	65	59
Veal Cutlets	51	45
Sliced Bacon	47	41

The OPA explained subsidy payments would be made to slaughterers to compensate for the price reduction, with subsidies based on the live weight of livestock killed and equal to about two cents a pound on dressed carcasses.

The subsidy became effective June 7 for slaughterers, and ceiling prices on all fresh and frozen meats were reduced at the packer level June 14. Prices will be reduced at the wholesale level tomorrow and will reach the retail level—and the consumer's pocket-book—on Monday.

The price reduction on cured and processed pork and dried and corned beef will be required at the slaughter level, June 28, and for the wholesale and retailer a week later.

## OHIO MEAT PACKING PLANTS ARE BEING FORCED TO CLOSE

CINCINNATI, June 18.—(AP)—Virtually all greater Cincinnati beef, veal and lamb packing plants were closed, or in process of closing today, because officials said they were unable to operate under federal price ceiling regulations.

Four slaughterers were in the latest group, bringing to nine the number suspending this week.

Those which closed today included the Jacob-Schlachter Sons Co., one of the largest in the city; John B. Ireton Co., the A. Koch Sons Co., and the William G. Rehn Sons Co.

Said Arthur Rehn, president of the latter firm:

"We stopped slaughtering yesterday and will not reopen until given federal aid. We have lost \$45,000 in the last six weeks."

COLUMBUS, June 18.—(AP)—William Meuser and Walter Imhoff, operators of the Meuser and Imhoff meat packing plant, said today their employees had been placed on a "vacation with pay" basis pending word from Washington on operation of the meat subsidy program.

Meuser said no appropriation had been made for payments to packers, compensating them in part for the rollback in retail meat prices due Monday, and that "we can't go on operating this way." The plant has been in operation 17 years.

G. V. Teeters of the Teeters Packing Co., said there had been no slaughtering at his plant for two weeks, and that the firm "was on the verge of discontinuing business" after 18 years of operation.

**AXIS OBSERVING CODE ON PRISONERS**  
WASHINGTON, June 18.—(AP)—The Axis powers generally are respecting provisions of the Geneva convention governing the treatment of prisoners of war and recognition of hospital ships, War Department officials say, it was disclosed in printed hearings of the army supply bill sent to the House today.

Witnesses told the appropriations committee they had no reports of shackling of American prisoners by the Germans, but on the contrary had heard that prisoner treatment was "very good." However, they added, the execution of American aviators who bombed Tokyo definitely was a violation of the convention agreement.

## ALLIED ARMADA OFF ITALY IS WORRYING AXIS

Bars Lifted by Britain on Turkish Border as Troops Move Toward Balkans

### NAZI FLIERS BOMB LONDON

Naziland Raided But Italy Smashed Severely by Allied Bombers

By ROGER GREENE  
(By The Associated Press)

Italy's bomb-scarred port of Naples, two Sicilian airdromes and enemy shipping off Greece came under the flail of Allied warplanes in the latest assaults in the Mediterranean, it was announced today, as the Axis stressed new invasion preparations against southern Europe.

Italian headquarters said Allied raiders also blasted the area of Mt. Vesuvius, the famous volcano, including modern Pompei.

"Large British forces are concentrating along the southern frontier of Turkey," the Rome radio asserted, amplifying its previous assertion that many Allied landing craft were massing at Pantelleria Island 60 miles from Sicily.

Dispatches from Ankara said the 350-mile border between Turkey and Syria was reopened at 6 A. M. yesterday, after all traffic except diplomatic and military personnel had been halted for 48 hours to screen troop movements.

Axis radios asserted that British and Indian reinforcements had been moved to Cyprus, 69 miles off Syria, a potential base for invasion of the Balkans, Crete or the Dodecanese Islands. American troops were said to be among the Cyprus garrison.

Another enemy report said a 62-mile stretch in northern Syria along with the Lebanese coast had been declared military areas and closed to civilians.

Cyprus is the third largest island in the Mediterranean, after Sicily and Sardinia.

**Germans Jittery**

Berlin, taking note of a possible Allied lunge from that quarter, reported in a broadcast heard by the Associated Press that Premier Gen. Nuri Pasheas said of Iraq had informed his troops of an approaching "hour of decision and active service."

Goebbels' admonition to Nazi critics to keep their objections to themselves was relayed by the Rome radio in a broadcast recorded by the Ministry of Information. He was quoted as writing in an article in Das Reich:

"Silence above all should be observed by our noisy critics. In this world no one is infallible and this applies equally well to the government and chiefs of staff who are just as liable to make mistakes as anyone else."

In one of several Axis pep talks about the invincibility of continental defenses, a military commentator on the Paris radio told of "an ingenious German" method of setting landing boats ablaze by pouring oil over coastal waters and setting it afire.

Meanwhile, a Rome broadcast disclosed that all except 6,000 to

## STRIKE THREATENED BY FARMER GROUP

Action Proposed as Prospect To Food Subsidy

FREMONT, Neb., June 18.—(AP)—About 30 Nebraska and Iowa livestock feeders, a self-described "resolutions committee," met here last night following an earlier conference of about 500 feeders, and adopted a resolution threatening a "pork, beef and lamb strike" unless the government's rollback and subsidy program is rescinded.

Asserting they dislike "radicalism," the men said they had reached their decision only after "considered discussion."

DEATH CLAIMS WRECK VICTIM LATE THURSDAY

Patrick Hanley Dies of Injuries Sustained Last Week

Injuries sustained Tuesday night of last week when the car in which he was riding was struck at the Dayton Avenue crossing by a B. and O. passenger train, resulted in the death of Patrick Hanley, 77, at the Smith Rest Home at 8 P. M. Thursday.

Also injured in the wreck were George Kelly and Mrs. Hanley, both of whom are recovering. Mrs. Hanley having been brought from Grant Hospital Friday and taken to her home near South Plymouth, in the Littleton ambulance.

In addition to his widow he is survived by one brother, John, of Plymouth, and a granddaughter, Miss Phyllis Lucien Hanley, of Washington C. H.

Mr. Hanley and his brother had been caretakers of the Milledgeville-Plymouth Cemetery for the past 23 years and he was well known throughout western Fayette County.

He had been employed at the Ladoga Canning Plant to help out during the labor shortage, and with his wife and George Kelly were en route home late in the night when the fatal accident occurred.

Funeral services will be held Monday at 9 A. M. at St. Colman's Church, and burial made in the Milledgeville-Plymouth Cemetery under the direction of the Littleton Funeral Home.

Friends may call at his late home.

7,500,000-MAN U. S. ARMY HINTED AS SUPPLY BILL SUBMITTED TO CONGRESS

Continued from Page One

599,673 in new appropriations and \$12,472,839,200 of previous funds continued available—will, General McNarney told the committee, do this:

Provide a fighting air force of 273 groups and 3,000,000 ground troops, 36,000 bombers, 38,000 fighters, 12,000 transport planes and 9,000 training planes, with spare engines and parts to keep them in action;

Furnish combat divisions with enough ammunition, tanks, small arms, cannon, combat vehicles and other equipment "to enable us to come to grips with and destroy the enemy";

Permit the maintenance of more than 900 airfields, 4,500 army posts, and 700,000 hospital beds, and provide for internment camps for 325,000 war prisoners.

"We have passed from defensive to offensive action," McNarney said after recalling that when last year's supply bill was passed the army had less than 2,500,000 men only partly trained and equipped and "we were in a precarious position, confronted with two aggressive, well-equipped and well-trained enemies on two fronts."

"Having driven the Axis from Africa, we intend to deliver the knockout blow on the enemy's home grounds," he continued.

"We have stemmed the forward movement of the Japs and are now in the process of evicting them from their conquests. Aerial warfare is being intensified... this will be followed at the propitious time by an all-out blow by both land and air. We will bring the war home to Japan, Germany and Italy."

The army's enlisted strength by the end of this month, declared Lt. Gen. Brehon B. Somervell, commander of the army service forces, will be 6,500,000 men, or almost twice its size at the end of the first World War.

**JAPS LOSE 40,000 MEN IN OFFENSE IN CHINA AND GET SET-CKACK IN AIR**

146 enemy aircraft have been lost.

Word from the Solomon's air headquarters on last Wednesday's mass attack said about 120 planes came down on Guadalcanal—"with very few going back."

An airforce spokesman here said he understood the Japanese scored hits on only one Liberty-type cargo ship which was beached so she could be salvaged, and a smaller freighter which was set afire. Nine men were killed on this vessel.

McNarney and the committee voiced words of praise.

The committee wrote into its formal report "unqualified endorsement" of the women's organization and condemned "in no uncertain terms those who indulge in maligning this splendid group of patriotic women, who are doing all they can do in the war effort."

Expressing a "hope that none of the Axis powers will resort to chemical warfare," the committee approved for the chemical warfare service a budget estimate of \$1,134,734,000, including an \$812,474,000 carryover from this year. The committee said it was "determined that our own and Allied forces shall be at all times and in all theaters completely ready, defensively and offensively, should our enemies elect to engage in this diabolical form of attack" and added it had "every assurance that our forces are ready for any eventuality."

FAIR EXHIBIT PLANS MADE BY GRANGE

Discussion of Time Change Brings Blunt Criticism

Plans were discussed for a display at the Fair here and a committee was appointed to direct the erection of an agricultural exhibit when the Fayette Grange met at Eber School Thursday evening.

After the usual order of business, the third and fourth degree obligations were conferred on Stephen and Joan Kellough by the Worthy Master Loren Hynes. Glenn and Lucille Griffith were admitted into the membership and will be given the obligations at the next meeting, July 15.

A committee composed of Judge Otis Core, chairman, Roscoe Haines, Harold Hewitt, T. W. Graves, Doris Diffendall, T. G. Fuels, Leona Hewitt and Elva Hewitt, was appointed to plan for the Fair exhibit.

Attention of the members was called to the meeting of Pomona Grange on July 8 with Marshal Grange of Jeffersonville as host.

The question of time arose and it was decided to hold the meetings at 8 P. M. Central War Time. During the discussion some very heated and blunt statements were made regarding the non-cooperation of city people with the farmers, particularly concerning time.

By unanimous vote of the Grange the office of steward was declared vacant and Stephen Kellough was elected to fill the office.

A safety committee was appointed, consisting of T. W. Graves and Joe Merritt and projects were discussed.

In the lecture program prepared by Mrs. E. C. McCoy, Mrs. Gladys Hays read two current event articles; one dealing with a city ordinance prohibiting war gardens on city property and at the recent World Food Conference on the use of liquor ference.

Miss Joan Kellough read a paper on Francis Scott Key and Miss Marilyn Hays played two piano solos. Mrs. Elva Hewitt gave a brief resume concerning the foundation of the Grange.

Kenneth Craig of the county manpower commission, made a short talk regarding the emergency labor situation. He pledged his support in assisting farmers to secure emergency labor.

At the close of the meeting the members adjourned to the dining room where they enjoyed home-made pies, cakes and coffee. The entertainment committee consisted of Mr. and Mrs. Robert C. Parrett, Mr. and Mrs. Harry C. Parrett, Mr. and Mrs. Homer Miller and Judge and Mrs. Otis B. Core.

occupational or minor physical deferments.

"But the third reason is a combination of increased emphasis on aerial warfare and a turning-point trend toward sharpening the present striking force rather than continuing to expand it.

"In both cases," D. C. summed up, "the result should be about the same: a lessened military demand for men, and one that will affect even older men who are not fathers."

Speaker said the whole question hinged on casualties and the replacement problem, that it concerned the available forces of all United Nations. A major setback on any front would change the picture, he said, but added that otherwise, much drafting may ease off after the first of the year.

"Even the replacement problem up to now has been less troublesome than anticipated," D. C. said, asserting that North African casualties were considerably less than had been expected.

EUROPE'S INVASION GATES BATTERED WHILE ARMADA WORRIES AXIS DEFENDERS

(Continued from Page One)

7,000 inhabitants out of a normal population of 100,000 had been evacuated from Cagliari, the capital of Sardinia, to escape Allied bombs.

"Civil service officials who remained in the town are bravely attending to their duties among the ruins," the broadcast said.

**Naziland Raided**

The RAF carried its current offensive against Axis targets across the channel last night while the German air force dropped bombs in London and on a south coast town.

Intruder planes ranging over northern France dropped their nightly packet of bombs on the airfield at Poix, near Amies; peppered a speeding E-boat off the French coast with bombs and cannon fire, and shot up railway trains and barges, the Air Ministry news service said.

One Mosquito pilot reported that he believed he had hit an ammunition train standing at a station so he went back and fired through the trainhead, touching off more explosives.

The forays were on a small scale compared with the attacks carried out during the last week on Duesseldorf, Muenster, Bochum, Oberhausen and Cologne, which had its 116th raid of the war Wednesday night.

Nazi raiders, meanwhile, running at top speed and low over London rooftops, plopped down a single surprise bomb in a major street, wrecking a postoffice and killing two persons. Two others were seriously injured and several were slightly hurt.

Three or more persons were killed in another raid on a south England coast town, which Berlin said was Portsmouth.

The Berlin radio acknowledged that Allied aircraft were over "Reich territory" last night, but did not say whether its reference was to Germany or occupied soil.

**Other Developments**

Invasion Jitters—Germans reported moving 1,000 concrete tank barriers from Maginot line to strengthen French coastal defenses; Berlin expects Allied attack on Balkans and Crete.

Russia—Red armies beat off new German attacks in Orel sector; Soviet planes set 100 big fires in raids on German airdromes; Nazis report Russians massing before Orel and west of Kursk.

Southwest Pacific—Tokyo admits 29 Japanese planes lost in great sky battle over Guadalcanal; claims 32 Allied planes shot down and eight ships sunk; Allied spokesman says only two small freighters damaged as Japanese lost 77 out of 120 planes, with six U. S. aircraft missing.

New Guinea—Allied raiders sink or damage 20 Japanese craft in barge-busting foray along Huon peninsula; Japanese planes attack Allied forces 90 miles northwest of Lae for third straight day.

China—Chinese troops kill or wound 40,000 of 100,000-man Japanese army in 40-day battle on upper Yangtze River front; key Japanese base at Owchihkow reported encircled.

Burma—RAF planes bomb machine-gun Japanese positions.

While Axis radios nervously declared that British and Ameri-

can armies were preparing to strike across the eastern Mediterranean, Allied warplanes continued to hammer Italy's anti-invasion defenses.

U. S. heavy bombers flying from the Middle East attacked the airdromes at Comiso and Biscari, Sicily, across the narrow Messina Strait from the toe of Italy, and returned without loss.

RAF long-range fighters again scoured the Aegean Sea, blasting an enemy ship off Delos Island and shooting down a three-engined Italian bomber off Cyprus.

From northwest Africa, big

RAF Wellington bombers which carry 4,000-pound double block-busters returned to the attack on the Italian mainland port of Naples and scored hits on the dock area.

Berlin dispatches to Ankara said the Balkans provided the likeliest target of Allied invasion, and declared:

"German and Italian troops have already occupied all important positions in this new theater of war and have strongly fortified them."

The Germans said defense preparations "particularly apply to Crete."

Decisive Blow Dealt Japs In Pacific Hinted in Report Of 77 Planes Being Downed

WAR STAMP BOUTONNIERES FOR FATHERS

(While DeWitt MacKenzie is on vacation, this daily column is being written by Max Hill, former chief of the Associated Press Bureau in Tokyo.)

By MAX HILL

There is a significance not too easily noted in the brief communiques and dispatches on the tremendous air battle over Guadalcanal which was announced yesterday by the United States Navy.

The Japanese, in my opinion, finally are on the defense in that area. That was our role for many long weary months.

That they consider the situation important and perhaps critical is shown by the fact that they used at least 120 fighters and bombers in their desperate and futile assault.

The announced results toss a lie right back into the teeth of Premier Tojo and the Japanese propagandists.

In recent weeks, Tokyo broadcasters have been informing their people at home, and also the world by short wave, that most of the American airmen in the Pacific were college boys without adequate training.

Well, 32 Japanese dive bombers and 45 Zero fighters were shot down in the fierce engagement, as compared with a loss of six American fighters. That's thirteen to one—and heaven help the Japanese if we ever get what they would call a properly trained airforce in the South Pacific.

The reason for the battle was not disclosed for many hours, but by combining information in the dispatches from Leif Erickson, the Associated Press correspondent at an advanced South Pacific base, and statements from Tokyo in a broadcast recorded by the Associated Press in London, it can be inferred that a rather large Allied convoy was the Japanese objective.

Tokyo said eight vessels, one a destroyer, were sunk, but this was not confirmed by any Allied source. The loss of 29 planes also was admitted. On the other hand, Erickson in his dispatches filed not far from the scene of the engagement said only two small freight ships were damaged.

While Guadalcanal is some 3,000 miles from the main Japanese island of Honshu, it is evident the Rising Sun forces fear the concentration of power there because of our proximity to bases and airfields they have elsewhere in that area.

One of the main, and still unexplained phases of the battle, is how our forces were able to inflict such tremendous damage with so light a loss in men and equipment.

Were the Japanese surprised as they came in high over the area by a stronger force than they expected, or did the planes come, say, from a direction not counted on when the Japanese planned their attack?

In the past the Japanese have depended upon the maneuverability of the Zeros and their ability to fly almost six miles above the earth to ward off attacks. They have been at least moderately successful, although in most combats their losses have been greater than our own. That strategy didn't work this time for a reason yet to be explained.

But never has the ratio been anything like thirteen to one. It isn't likely we have any accurate count on the number of first-line pilots the Japanese have available, but I doubt that they are able to train men as rapidly as we are. This is true despite the use of modern American equipment brought a few years before the war.

American airmen back from the Pacific, who once admitted the skill of the Japanese pilots they fought, now say that the first line men are gone and that the enemy pilots they are engaging are second-raters. This could be due to any one of a number of things.

Perhaps the Japanese are holding some of their best men in reserve to thwart the inevitable attack of their homeland. Again, they may have just plain run out, and have had to rush men through training schools.

The Japanese haven't our mechanical background. Almost every American boy knows how to drive an automobile, possibly has owned one. He has an aptitude and skill for engines. Un-

An opportunity to observe Father's Day in a practical and unique way has been arranged by the True Blue Sunday School Class of the Methodist Church—and all attuned to America at war.

Looking for something new and different to identify father along with the never-ending search for ways and means of stimulating the government's war financing program, members of the class decided that he could have nothing more suitable for this once-a-year emblem than a little boutonniere with a War Savings Stamp in its heart. So, the plan was set in motion.

Saturday a group of ten girls will offer these boutonnieres for sale on the streets of the city so they will be all ready to grace father's coat lapel on Sunday, Father's Day, from coast to coast. Jane Iber is chairman of the sales girls.

A spokesman for the class conceded the amount raised thus through the sale of War Savings Stamps might not be large, but it was reasoned that the boutonnieres not only would be a patriotic gesture but would give everyone a chance "to wear his heart on his sleeve," as the old saying goes.

The boutonnieres are to be made with only one stamp each to bring them within reach of everyone. There will, however, be two kinds—one with a 10-cent War Stamp heart and one with a 25-cent War Stamp heart.

They were made by the members of the class and they give their word that they will be as artistic and decorative as nature's flowers in the wartime atmosphere.

No price ceiling has been put on the boutonnieres. The class, it was said, had two purposes in launching the project—to sell more War Stamps and, a generous public being willing, to add a bit to the class treasury.

Just a suggestion, it was said fathers could buy them for themselves or members of their families could buy them as a token of affection.

Rationing Sidelights

(EDITOR'S NOTE: Realizing that it is impossible to cover the complete field of rationing and price control in the regular news stories, the Record-Herald will publish some sidelights on this complex and comprehensive government wartime program from time to time as warranted. The facts and figures will be obtained from the county's War Price and Rationing Board.)

YARD CONDUCTOR BADLY INJURED

Fenton Harper Sustains Bad Back Injuries While On Box Car

Fenton Harper, B. & O. Yard Conductor at this point, was injured severely while attempting to release a brake from the top of a box car Thursday evening about 9:45 o'clock.

In some way the wheel was released suddenly and threw him flat upon the top of the car, injured his back. He crawled the length of two cars in an effort to signal the engineer but before he could attract attention of the engineer, a man near the tracks saw the injured man and notified the engineer.

Dr. J. H. Persinger was summoned and the Kiever ambulance was called to the scene. Wilbur Mossbarger, driver of the ambulance, using a method learned in training as a fireman, carried Harper from the top of the box car to the ground and he was removed to his home. He was to be taken to Dr. Persinger's office sometime Friday for X-ray examination to determine full extent of his injuries.

The accident happened while Harper was on a cut of cars on the transfer near the Union Station.

## Miss Mary L. Bower Is Bride of Mr. Charles D. Hyer at Church Ceremony

Rev. H. George Robertson Officiates at Wedding in First Christian Church, Hillsboro

The First Christian Church at Mt. Sterling, was the scene on Friday afternoon of the ceremony at which Miss Mary L. Bower, daughter of Mr. and Mrs. J. Loren Bower, became the bride of Mr. Charles David Hyer, Middletown, son of Mr. and Mrs. Chan D. Hyer, of Washington C. H. Rev. H. George Robertson officiated at the 4:30 o'clock ceremony.

The bride's gown was frothy white marquisette, made with a drape bodice, sweetheart neckline, and full puff sleeves tied at the wrist. Dainty Belgium lace trimmed the sweetheart neckline and cuffs. Her full skirt over taffeta petticoat extended into a slight train. Her finger-tip veil of illusion was held in place by a tiara of pearls.

Miss Bower carried a prayer book decorated and topped with white orchid. She wore pearls, a gift of the bridegroom.

Mr. Theodore E. Irvin, of Washington C. H., served as best man while Mr. Marvin Parrett, Jr., and Mr. Alonzo J. Tannehill, Jr., of Mt. Sterling, were ushers.

The bride had for her attendants, Mrs. Thomas A. Fishback, of Greenfield, matron of honor, Miss Pauline Conley, Mt. Sterling, and Miss Mary Jane Hyer, of Washington C. H., as bridesmaids. The matron or honor and bridesmaids were gowned alike in dresses of chiffon. The matron of honor wore pink and bridesmaids, blue, made on Grecian lines with sweetheart necklines, softly draped bodices, long full sleeves and self-covered buttons down the back.

They wore matching slippers and carried colonial bouquets. Each wore a string of pearls, a gift of the bride.

The bride's mother wore a navy pointed sheer street-length dress with a corsage of white gardenias. The groom's mother wore navy blue crepe and corsage of American Beauty roses.

Mrs. Monna Merle Ray at the piano played "I Love Thee" by Grieg, "Lieberstraum" was sung by Miss Luanita Alkire, of Columbus, and "The Lord's Prayer" was sung by Miss Alkire and Miss Catherine Chenoweth, of Columbus.

The young couple took their vows before an improvised altar of fern and white gladioli, snapdragons and carnations. Two seven-branch candelabra completed the picture.

Following the ceremony a reception was held at the home of the bride's parents for approximately forty guests. The home was lovely in its decoration of spring flowers.

Mrs. Hyer was a student at Ohio State University and Wilmington College. She has been a member of the faculty of West

Jefferson Public Schools for the last two years.

Mr. Hyer, after graduating from Washington High School, took commercial and personnel training in McKeesport, Pa. He is now employed as assistant manager of G. C. Murphy Company, in Middletown.

The bride wore for going away a two-piece linen suit of congo tan. With this she combined congo tan accessories and wore a white orchid.

Mr. and Mrs. Hyer plan to make their home at 2216 Central Avenue, Middletown, after a short wedding trip.

## Business Women Meet for Covered Dish Supper

The Business and Professional Women enjoyed a potluck dinner Thursday evening at the Dayton Power and Light recreational rooms.

Miss Frances White, chairman of the finance committee, Mrs. Margaret Clay, Miss Elizabeth Horney, Miss Elizabeth Rowland and Miss Norma Jean West, assisted in the planning and decorating for the affair.

Following an unusually delicious dinner a program was presented. Five-year-old Judy Lininger and three-year-old Johnny Lininger sang several delightful little songs accompanied by Mrs. Donald Thatchel. Mrs. Thatchel also played a piano solo later in the evening.

Mr. F. E. Hill gave a short talk on finance and war bonds, and the other speaker, Judge Otis B. Core discussed the history and execution of wills.

Miss Helen Slavens, president, was in charge of the business meeting during which reports were made on the War Conference recently attended. Miss Helen King, Miss Ruth Sexton and Miss Edith Wilson gave the reports. Plans were made for a rummage sale to be held in the near future.

Following the meeting bridge was played with prizes being awarded to Miss Helen King, Miss Thelma Runyan and Mrs. Myrtle Mallow.

## Farm Women Meet With Mrs. Orville Waddle Thursday

The Farm Women's Club met with Mrs. Orville Waddle on the Sabina Road Thursday afternoon.

Mrs. Elsie Rowe, president was in charge of the business meeting and plans for a picnic were made to be held at the home of Mrs. Elsie Mae Belt.

During the afternoon the club members cut and sewed quilt blocks. They make these quilts and have them in readiness to give to people who lose their homes or meet with an emergency.

Mrs. Glen Rhonemus was a guest during the afternoon. Refreshments were served by the hostess assisted by Mrs. Lora Anderson.

## Shirley Carter Honored Guest At Child's Party

Mrs. William Carter entertained with a pretty party for her daughter, Shirley, on her sixth birthday, Thursday.

Games were played during the afternoon and little Patty Leeth was awarded the prize for pinning the tail on the donkey.

Shirley received many nice gifts and thanked each little donor. Favors were then presented to the guests and they were invited to the dining room where two pretty birthday cakes adorned the table. Ice cream and cake were served to the children, adding greatly to the pleasure of the party.

The following were invited guests: Portia Brownell, Carolyn Sue McNutt, Linda Lou Shelley, Patty Blair, Nancy Kimmey, Beverly Carman, Rebecca Wilder, Mary Frances Waters, Patty Leeth, Carolyn Leeth, Leroy Carter and Ronald Eugene Carter.

Mrs. John Carter assisted with the party.

## Circle Nos. 1-3 Enjoyed Picnic Supper Thursday

Circle Nos. 1 and 3 of Grace Church combined their meetings on the lawn of Mrs. T. Harold Craig and Miss Edith Gardner Thursday evening.

A sumptuous picnic supper was served by the hostesses and greatly enjoyed under the pleasant surroundings of the spacious lawn, flowers and shrubbery. Both the gardens of Mrs. Craig and Miss Gardner were greatly admired and all business was dispensed with, making the affair purely social.

Mr. T. Harold Craig brought out an old-fashioned organ on the lawn and Mrs. Craig played while the group sang hymns under the direction of Mrs. Bush.

"Kid" games were played during the evening much to the amusement of all who took part.

Among the guests who enjoyed the hospitalities of the circles were Dr. and Mrs. Parkin, Miss Frances Meriwether and Mrs. Ruth Hopkins.

Mrs. E. E. Johnson is leader of Circle No. 1 and Mrs. Tom Bush is in charge of Circle No. 3. This affair concludes the meetings until fall.

# Albers Win Softball Opener

Attendance Not All That Sponsors Had Hoped for But Enthusiasm of Players Encouraging

Albers Super Market today held the distinction of winning the first game of the 1943 war-time softball league season from the Dot Food Store outfit by a score of 10 to 1.

Both teams were sprinkled liberally with boys who had carried in the blue and white of WHS on the football field and basketball court during the past season.

While there was no lack of enthusiasm and fun for the players, the bleachers were not occupied as the backers of the community recreation program had hoped they would be.

Tillett, on the mound for the Albers crew, held the Dots to six scattered hits of which Harper, the catcher, got two.

Rudduck, pitching for the Dots, was nipped for 10 hits and a like number of runs.

Ellies, of Albers, had a perfect evening at the plate with two for two and Tillett added a two-hit offensive punch for his defensive pitching with a pair of safeties.

The next league tilt is slated for Monday between the Albers and API outfits.

## Fourth Place In AA Held By Red Birds

(By The Associated Press)  
The first round in the Milwaukee-Minneapolis battle for second place in the American Association goes to Milwaukee—by a knock-down and a shutout.

The Brewers took the opening contest of the "crucial" five-game series last night by slugging out two home runs, a triple, a double and three singles while jittery Joe Berry was holding the Millers scoreless on a skimpy four-hit allowance. The score was 4 to 0.

The outcome broke a tie between the two teams and gave Milwaukee a one-game edge on second place. But the Brewers slipped a half-game further out of the lead as pace-setting Indianapolis swept a double-header from the declining Toledo Mud-hens.

The Indians, in scoring their 22nd and 23rd victories of the season against only 12 defeats, clipped the Hens 4 to 2 in the seven-inning opener and dashed away with a 6 to 0 triumph in the nightcap behind Lefty Jimmy Trexler's three-hit pitching. Indianapolis swept up the second encounter with a four-run burst in the first inning and coasted in. The Tribe broke a 2-2 deadlock in the first contest on Eddie Morgan's sixth inning single which scored two mates.

The Columbus Red Birds, holding tight in fourth place, defeated Louisville, 2 to 0, by collecting two of their four hits, plus a base on balls, in the eighth inning and scoring both their runs. The winning markers were driven in by pinch-hitter Garagiola, who doubled with Emil Verban and Tom Heath on base.

Kansas City and St. Paul were not scheduled.

## TROSKY'S HEADACHES GONE AND INDIANS MAY EASE UP WHEN HE'S BACK IN LINEUP

BY CHARLES DUNKLEY

CHICAGO, June 18—(P)—Hal Trosky, former Cleveland first baseman, was ready today to end his self-imposed retirement from baseball and return to the Indians' lineup where he established a nine-year batting average of .313.

The 31-year-old veteran, no longer suffering from severe headaches which forced him to retire before the start of the 1942 season, awaited the appearance at Comiskey Park of Manager Lou Boudreau of the tribe, which opens a series with Chicago tonight.

Trosky came here yesterday

from his farm home at Norway, Ia., and worked out with the St. Louis Browns. He is 20 pounds lighter—down to about 185 pounds—than when he last played.

"There are several things I will have to work out with the Cleveland management anything definite can be done, but I hope we can iron out those problems while the Indians are here in Chicago," he said.

The Indians last winter urged Trosky to return, but his headaches and the problems involved in the operation of his Iowa farm caused him to decline.

His return might solve a major problem for Cleveland.

## DOCTOR S WINS TWO AT MARION

Doctor S. Elmer Junk's blocky brown pacer, won the first two mile dashes of a claiming race at Marion Thursday night but finished fifth in the third heat at nine-sixteenths of a mile when he was thrown off balance when he "knuckled over" behind as he hit a soft spot in the track while setting a scorching pace in the first three furlongs.

Doctor S. piloted by Ernie Smith, was the only horse from here racing Thursday night. Entered to be claimed for \$700, he was the favorite in the mutual betting and paid his backers \$5-80, \$2.40 and \$2.40 in the first race and \$2.60, \$2.80 and \$2.20 in the second. He was held at even shorter odds in the final dash.

Although he could win but two races all last season and in spite of the doubts of horsemen and many of his friends, Junk had faith in Doctor S and insisted that he was hitting his knee to cause him to slow up. He always had showed unusual early speed and there were few horses that could beat him going away from the wire, but he had a tendency to fade in the stretch. Now, Junk is convinced he is balanced to eliminate the interference and points to the way he charged through the stretch to pass four horses to win the first race Thursday night as evidence that his horse has got what it takes to win races. He already has won three of his five starts this year.

Of a family of horsemen, Junk feels that his confidence and judgment has been justified. He races horses, he says, not as a business but rather for relaxation.

## Cronin's Pinch-Hit Homers Thursday Baseball Feature

BY JUDSON BAILEY

(By The Associated Press)

Joseph Edward Cronin, the stylish stout manager of the Boston Red Sox, will have a new story to tell the soldiers and sailors overseas if he makes another journey abroad for the Red Cross next winter.

The boys will want to hear again about the time that the

Philadelphia Athletics came to Boston for a five-game series during which Cronin, 36 years old and round as a barrage balloon, made four appearances as a pinchhitter and produced three home runs, every one with two teammates aboard.

Cronin will start his story with that doubleheader on June 15, a Tuesday. His Red Sox lost both games, but the red cheeked Irishman parked one of Lum Harris' knuckle-ball pitches in the stand in the seventh inning.

This will lead up to the climax on Thursday, when he reached the peak in pinch hitting—a home run in each game of a doubleheader.

The A's had a 4-1 lead in the seventh inning of the first game when Baba Barna and Skeeter Newsome got on base and Cronin came up against Russ Christopher. Quickly he rifled a drive into the stands to tie the score, and the Sox went on to a 5-4 victory.

In the second game the A's were winning 8-4 when Cronin came up against Rookie Don Black in the eighth inning with Bobby Doerr and Newsome on base. It was the same story, except that Boston didn't get any more runs and the A's won the second game 8-7.

Winning the nightcap lifted the A's into third place in the American league because Detroit dropped a doubleheader to the Cleveland Indians 3-2 and 6-5, the second game going 12 innings. Relief Pitcher Mike Naymick received credit for both victories with Manager Lou Boudreau driving in the deciding run with a ninth-inning single in the first game and scoring the winning run in the second session.

The New York Yankees were given 9-8 decision over the Washington Senators in a ragged game in which the winning run was forced across on a walk by Early Wynn with the bases loaded in the ninth.

Luke Appling enabled the Chicago White Sox to nose out the St. Louis Browns 4-3 in 13 innings. He doubled for two runs to tie the score in the ninth and singled home the winning run four frames later.

Cincinnati set down the St. Louis Cardinals 6-1 and moved closer to second place in the National league as Elmer Riddle pitched five-hit ball and Gee Walker drove in three of the Reds' runs.

The New York Giants completed a sweep of their three-game series with the Brooklyn Dodgers by winning 8-3 on the impetus of a five-run first inning against Kirby Higbe.

The Chicago Cubs were held to four hits, but one of them was a three-run homer by Ival Goodman and brought them a 3-2 triumph over the Pittsburgh Pirates, who made just six safeties off Paul Derringer.

Philadelphia and Boston divided a doubleheader, the Braves taking the first game 2-0 on the four-hit hurling of Manny Salvo, who had not won previously this year, and the Phillies bagging the nightcap 7-2 with a 13-hit attack.

Roman ladies used white lead and chalk to whiten the skin; Egyptian kohol for the eyelids and lashes.

## Reds Win, 6-1, From Cards; Face Pirates

PITTSBURGH, June 18—(P)—The battle for third place in the National league gets under way at Forbes Field today, when the Cincinnati Reds and the Pittsburgh Pirates meet in the first of a four-game series.

Right now, the Reds hold that position, one game ahead of the Pirates, by virtue of winning their second straight game from the champion St. Louis Cardinals yesterday, 6 to 1, while the Buccos dropped a seven-inning decision to the Cubs.

What's more, the Reds are only five games off the pace and but two from the second-place Brooklyn Dodgers, who dropped three games to the Giants.

The continued heavy hitting of Gee Walker and improved pitching by Elmer Riddle, who notched his seventh straight yesterday, are the contributing factors in the Redleg menace.

Ray Starr or Vernon Stone, rookie up from Birmingham, will hurl for the Reds today with Manager Frankie Frisch expected to use Max Butcher, formerly a jinx to the Redlegs.

## GRAIN MARKET NEWS SUMMARY

CHICAGO, June 18—(P)—Grains moved with a narrow range today, but managed to display a firm undertone in an extremely quiet market. At one time wheat was up almost a cent, but selling later in the session canceled much of this gain. Oats and rye were ahead small fractions most of the day.

There was an absence of news to influence price trends. Crop reports continued relatively favorable, causing some covering by traders who had previously gone short. The general disposition of most grain men, however, was to adopt a waiting attitude toward the market.

At the close wheat was 1/4-1/2 higher, July 1943, September 1943, 1/2-1/2, corn was unchanged at 1/2, oats and rye were ahead 1/2-1/2.

**GRAIN CLOSE**  
CHICAGO, June 18—(P)—Wheat—Sept. 1943, 1/2-1/2; Dec. 1943, 1/2-1/2. Corn—Sept. 1943, 1/2-1/2; Dec. 1943, 1/2-1/2. Oats—Sept. 1943, 1/2-1/2; Dec. 1943, 1/2-1/2. Rye—Sept. 1943, 1/2-1/2; Dec. 1943, 1/2-1/2.

**End of Baseball Is Near for Dean**  
CHICAGO, June 18—(P)—Paul Dean, who used to barrel in fast balls for the St. Louis Cardinals when he and his brother, Dizzy, were in their pitching prime, is thinking about giving up baseball to run a barrel factory.

Dean has pitched only 13 1-3 innings for the St. Louis Browns this year and has gone to St. Louis to confer with Vice President Bill DeWitt.
